Travel Information

Safari Do's and Dont's:

Jenman Safaris has extensive knowledge and experience in most African Countries. Throughout the many years we have learnt about a few "Do's and Dont's" while travelling in and around Africa. We have therefore developed this list for you to read at your leisure. All tips are not always relevant to all the areas that you travel to – depending on your tour.

Due to a lack of transparent and credible regulation relating to ethically acceptable practices where captive wildlife is concerned, Jenman African Safaris has taken the decision not to support any activities that include physical contact with captive wildlife. We urge you to consider the ethical implications of taking part in any such activity that may be offered at your lodge.

Arriving for Safari

Get some rest on the first day of your arrival – you may need some time to adjust to a different time zone. Rather arrive a day early to rest and start off your tour refreshed and ready for adventure!

Currency

When you need to exchange your currency, avoid any exchanges on the street or in other areas that may seem suspect. Always note that even when people approach you with an, e.g., 50% premium exchange rate offer, this exchange is considered part of the black market and is illegal! Hotels, Camps and Lodges can change money, but sometimes the rate is slightly lower. We recommend that you visit an accredited Bureau de Change.

Credit Cards

Credit cards such as Visa and MasterCard are widely accepted in most areas as well as at bigger hotels and lodges.

Hospitals and Pharmacies

The larger towns in Southern Africa have pharmacies and hospitals, but you should always make sure you have enough of your medicine in case the pharmacies/hospitals don't stock them.

Telephone

In most areas you can call internationally – however please note that some of the smaller areas may not have these facilities and international phone calls are costly. Also, built up areas and towns do have cell-phone reception!

Passports, Documents and Valuables

Please make sure that you keep your passport, documents and any other valuables with you at all times! We recommend that a copy of these documents should be made and kept in another safe place in case something happens to the originals. Never leave valuables alone and remember you are on safari, so expensive and valuable jewellery is not necessary.

Safety

Every area (any where in the world) can be unsafe at times. Please take common precautions at all times and never walk alone, especially at night or in run-down areas!

Packing

Remember to always check the amount of luggage you are allowed to take on the plane as well as on the Safari Vehicle – they may differ. We recommend that a soft bag is used instead of a hard suitcase as it's preferable on safari. Most air flights allow for 20kgs and our scheduled safaris are limited to 15kgs per person. Don't forget to put luggage tags on your suitcases (for the airplane and the safari).

Luggage and Medication

Please be advised that you should put any medication that you need (e.g.: diabetes medication) into your hand luggage, even with the strict regulations, airlines will allow that as long as you have a letter from your doctor.

What to wear:

You are on safari and out in the bush so make sure that you are comfortably dressed with comfortable shoes. Always have a mix of clothing including; summer clothes, light raincoat, warm top and a hat.

Punctuality

Please be on time when you meet your vehicles for the game drives. If you run late you may delay the rest of the trip or miss something wonderful!

Climate

Always remember that the African Sun may look gentle but it is strong and can be harsh. Too much sun can lead to headaches, dehydration, nausea and dizziness. Rather look after yourself by using sun screen and a hat versus trying to get a nice African Tan.

Drinking Water

In built-up areas the water is safe to drink (mostly in South Africa) however, some areas it is not safe to drink the tap water at all! So we rather recommend that you drink bottled water at all times to prevent any illness. You may use the tap water to rinse your mouth when brushing your teeth! Ice is generally fine to consume, but sometimes it is better to be cautious. We advise you to rather drink bottled water at all times in Africa!

Food and drink

Africa is famous for its fruit and fresh vegetables – which can be enjoyed all around Africa. Fruit and Vegetables should be peeled before eating. Drinks (including spirits) and cigarettes can be bought in most areas but are normally quite expensive. On our Safaris we do provide most/all meals which are prepared by our guide or at a lodge.

Anti-malaria medication

A lot of areas in Africa are affected by Malaria – we strongly recommend that you take your anti-malaria medication. Take your medication exactly as its prescribed and directed, don't skip any medication! At the end of your safari, if at any time you develop influenza symptoms please consult your doctor immediately.

Power and Electricity

Most places (hotels, lodges) have electricity. But we always recommend that you should take a flash light with you on safari. Always remember if you plug something in (e.g.: One of your appliances) there may be a different voltage! The usual voltage is 220-240 AC. If you appliance does not match this voltage you need to bring a converter with as some lodges may not have a converter for you to use...

Photos

There will be many amazing photo's that you will want to capture along the way on your safari. But, you need to make sure you don't take any photos of any people without their permission. Also, never take pictures of anyone/anything in the military, police force, armed forces, government, presidents or airports.

Animals

The animals in the bush and the ones that you may see on safari are wild and should not be approached! Animals may roam freely around so be observant and cautious when walking from place to place.

Tipping

Tipping is not included in meals unless there is a service charge included in the bill – then you don't need to tip. Normal tipping is 10% of the bill for drinks and food. Tipping for guides and drivers are always appreciated and range from US\$5 and US\$10 per day...

Driver-Guide/Safari Guide

Your driver and guide is complete with experience, information and knowledge of all the areas that you will travel to. Be sure to ask them lots of questions and feel free to chat to them about anything.

We hope that our list of 'Do's and Don'ts' have been useful and helpful. Please don't hesitate to contact us if you have any more questions that we haven't covered in the above list...

The name Tanzania conjures up images of wildebeest stampeding across vast savannah, rain forests teeming with monkeys and birdlife, and great plains brimming with legions of game. All of these natural wonders and more are on offer in this exceptionally diverse African nation. Visitors typically visit Tanzania to partake in at least one of the four well known Tanzanian tourist experiences: a relaxing seaside vacation on the picturesque island paradise of Zanzibar, an underwater tour of some of the world's most renowned dive sites around the gorgeous Spice Islands, a safari adventure in some of Africa's most impressive game reserves, or a hiking excursion around Mount Kilimanjaro National Park. Whichever of these incredible holidays you choose, you will undoubtedly be welcomed by some fabulously friendly and peaceful inhabitants who, despite being divided into 120 different ethnic groups and cultures, live in harmony with one another and provide some of the most wonderfully exotic local cuisine you could imagine. With all of this diversity on offer, the most difficult part of your Tanzanian holiday experience is likely to be deciding where to go!

Banking and Currency

Currency

In Tanzania, the unit of currency is the Tanzanian Shilling, which is divided into 100 Cents. Notes are issued in denominations of 500, 1000, 2000, 5000, and 10000 Shillings. Coins are issued in denominations of 50, 100 and 200 Shillings.

Banking

Banks are open from 9:00am to 3:00pm Monday to Friday. Many banks are equipped with 24 hour ATM machines.

Credit cards and travellers checks are not widely accepted in Tanzania. Where they are accepted can high service fees and poor exchange rates be expected. Major foreign currencies - particularly US \$ - are accepted in Tanzania and are convertible at banks and bureau de changes in the main towns and tourist areas. If bringing cash in US \$, please make sure bank notes are in good condition, with no cuts or damage and are not older than 2004. Most banks offer higher exchange rates for US \$ 100 / US \$ 50 bank notes compared to US \$ 20 / US \$ 10 or US \$ 5 bank notes.

Travel, Transport and Getting Around

If you are visiting a number of parks and reserves in Tanzania, you can either drive or fly between them. Roads in most of the wilderness areas are in poor condition and unmarked, and self-driving is not recommended. Operators will supply you with a driver who doubles as an informal guide; alternatively, you can arrange to fly to your destination and utilize a car and driver supplied by the lodgings. Elsewhere in Tanzania, towns and cities are linked by a steady stream of buses and *dala-dalas* (minibuses), and in the cities, there is public transport in the way of buses, *dala-dalas*, taxis, and, in some places, bicycles or *tuk-tuks*. Driving is on the left hand side of the road.

Precision Air run regular services, mostly via Dar es Salaam, Kilimanjaro or Zanzibar, to all main towns and other destinations in East Africa and beyond. All national parks and some of the top-end luxury lodges have airstrips and Coastal Air operates between these and the main airports on the mainland and the islands of Zanzibar, Pemba and Mafia. ZanAir has frequent connections between Zanzibar, Pemba and the mainland.

Food, Drink and Cuisine Advice

Most camps, lodges or hotels cater specifically to tourists and serve Western-style food, ranging in standard, but generally are excellent. Game lodges tend to offer a daily set menu with a limited selection, so it is advisable to have your tour operator specify in advance if you are a vegetarian or have other specific dietary requirements. First-time visitors to Africa might take note that most game lodges in and around the national parks have isolated locations, and driving within the parks is neither permitted nor advisable after dark, so that there is no realistic alternative to eating at your lodge.

Tap water in Tanzania is generally not safe to drink, and most travellers try to stick to mineral water. Filtered and bottled water can be difficult to find if you are travelling outside of main town and so it is advisable to stock up. Most camps, lodges and hotels have bottled water readily available.

Climate and Weather

Just south of the equator, Tanzania is huge and its sheer size means that the climate varies considerably within it. However, generally the main rainy season, or the 'long rains', lasts during about **March, April** and **May**. Afternoon tropical downpours are the norm – which are heavier and more predictable beside the coast and on the islands. The humidity is high and daily temperatures reach the low-mid 30°s.

The long dry season lasts throughout **June, July, August, September** and **October** is when rainfall is unusual, even on the islands. Temperatures vary hugely with altitude and location, but it's usually a fine, clear sky and sunny weather – it's a great time to visit Tanzania. During **November** and **December** there's another rainy season: the 'short rains'. These are much lighter than the main rains and less reliable.

If it has rained during the short rains, then it normally dries up for a few months, **January** and **February**, which is Tanzania's 'short dry season', before starting to rain again in earnest in **March**.

Clothing and Dress Recommendations

It never gets really cold in Tanzania so lightweight clothing, preferably cotton or linen, is recommended. While on a game viewing safari, avoid brightly coloured clothing, stick to whites, beiges, khakis and browns.

There may be long days sitting in safari vehicles, so it is advisable to wear light comfortable clothing such as short sleeved shirts and cotton/linen trousers or shorts. Denim will become too hot and extremely uncomfortable. Walking shoes and socks will be required.

The evenings will be chilly, so long sleeved shirts and trousers should be worn. A sweater may be needed. These will also prevent you being bitten by insects. A hat should be worn at all times outside. The sun may sometimes not feel hot, but it can still easily burn, especially if it is cloudy and overcast.

If visiting Zanzibar or any coastal town don't forget to take a swimsuit, as it is invariably warm. Ladies are recommended to take cotton skirts, blouses and dresses. Sandals are a must for this environment! On the beaches and within the confines of hotels, normal swimwear is acceptable but nudity is not.

As over a third of the population in Tanzania is Muslim, it is therefore not etiquette for ladies to walk around in public displaying their legs and shoulders. Remember to dress modestly as short shorts, miniskirts, vests and tank tops will be frowned upon.

Electricity and Plug Standards

The electricity supply in Tanzania is 220/240 volts at 50Hz. Plugs are 3 point square (UK Type). Adapters are available at major airports.
